

## Strategy Department Intern

Selectel is looking for a Business analytics intern in Strategy Department!

Selectel is a leading IT infrastructure provider with 10 years of experience. Since its launch, Selectel has earned the trust of over 15 thousand clients, from small business owners to international corporations.

Selectel offers a wide range of privately developed infrastructure products and services as well as partnered solutions with the world's leading IT developers. Our network comprises six modern data centers in Moscow and St. Petersburg.

As part of the team, you will offer analytical and business support to the company's top management, shareholders, team members, partners and clients. You will work with a professional team of analysts with decades of experience in corporate finance, principal investing, IT and analytics.

### **Responsibilities:**

- Develop and present M&A cases, including valuation and due diligence of potential targets; build and maintain financial and operating models; perform market and company analyses, sizing and valuations
- Interact with business units, research and analyze trends in the global IaaS segment
- Prepare presentations and reports

### **Qualifications / Skills / Requirements:**

- Proactive and a proven leader
- Hard working and diligent
- Results-driven team player who performs well under pressure and against tight deadlines
- Demonstrated competency in mathematics
- Analytical abilities, proficiency in financial modeling and valuation
- Proficiency with Microsoft Office
- Excellent communication skills
- English language knowledge - at least intermediate level
- A concentration in Accounting, Business, Economics, Finance and Mathematics is preferred, but not mandatory

### **We offer:**

- 3-month internship
- Compensation will be determined at the final stage of the interviewing process
- Snacks, fruit, tea and coffee available during the day, free meals
- Friendly employees, comfortable working environment, well-equipped workplace
- Corporate events

- We guarantee an interview for applicants with Honors degree (GPA) from leading universities
